

AAPower Installation Guide

Fast & Simple Setup for Envato Users.

1. Installing the Extension (.ZXP)

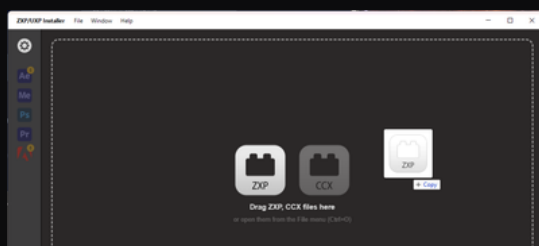

0 Download the latest AAPower extension here: <https://aapower.co>

Use ZXPInstaller (Mac & Windows) — official, fast and secure.

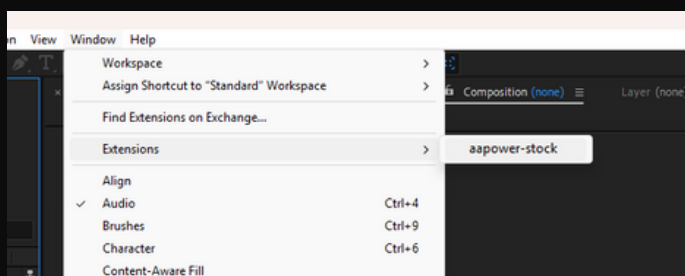

Download: <https://zxpinstaller.com/>

1 Open ZXPInstaller. (If you don't have it yet — download via the link above.)

2 Drag and drop the "aapower-stock.zxp" file (it comes included with your download).

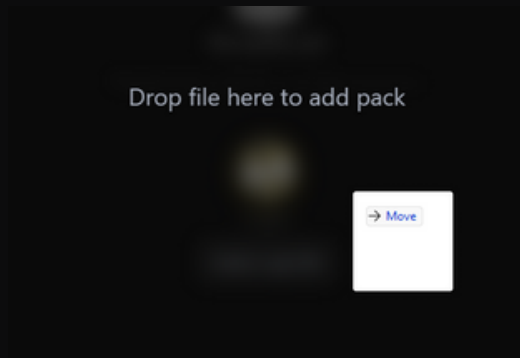

3 Restart After Effects — open via Window → Extensions → aapower-stock

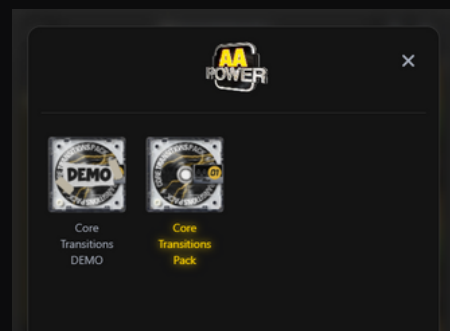

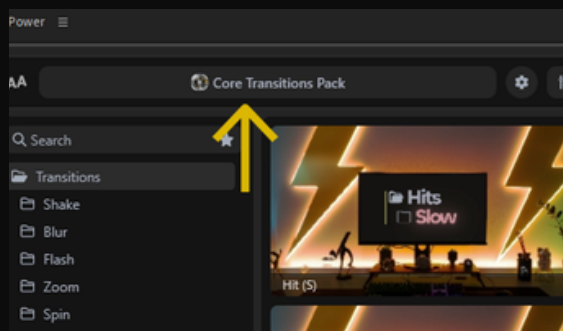

2. Installing Packs .AAP

Add New Packs in Seconds

- 1 Launch After Effects and open aapower Window → Extensions → aapower-stock
- 2 Click "Add Pack" (or drag & drop the .AAP file into the aapower window).

- 3 Wait until the pack is indexed — it appears in your packs list.
